Project I - Grayscale and Color Study

My first project in digital painting, replicating values and then color of a photograph.

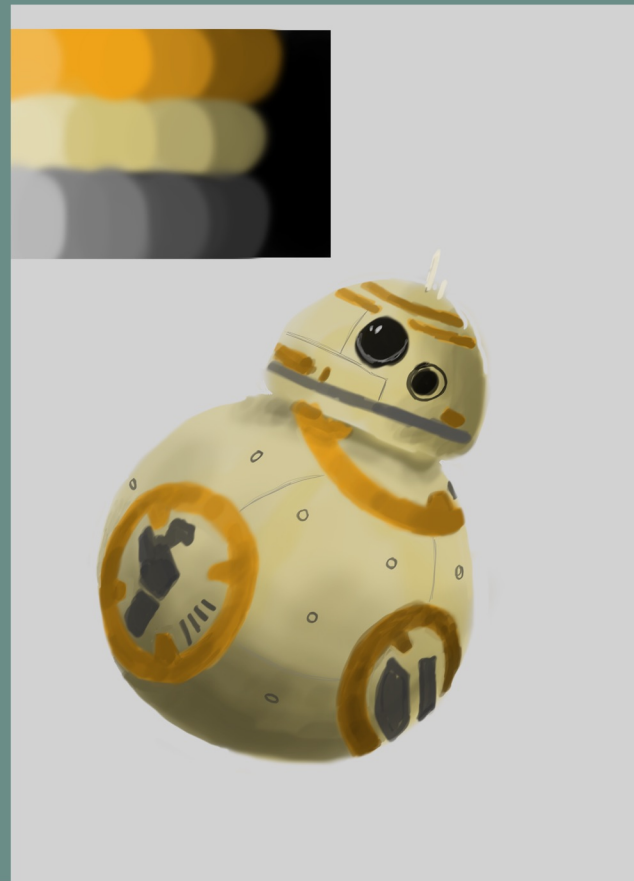

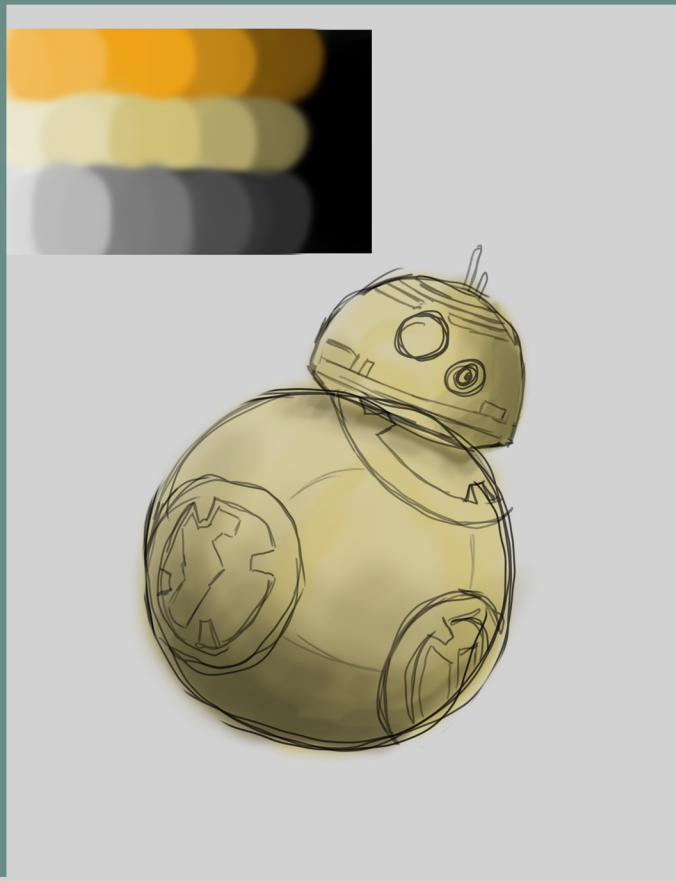

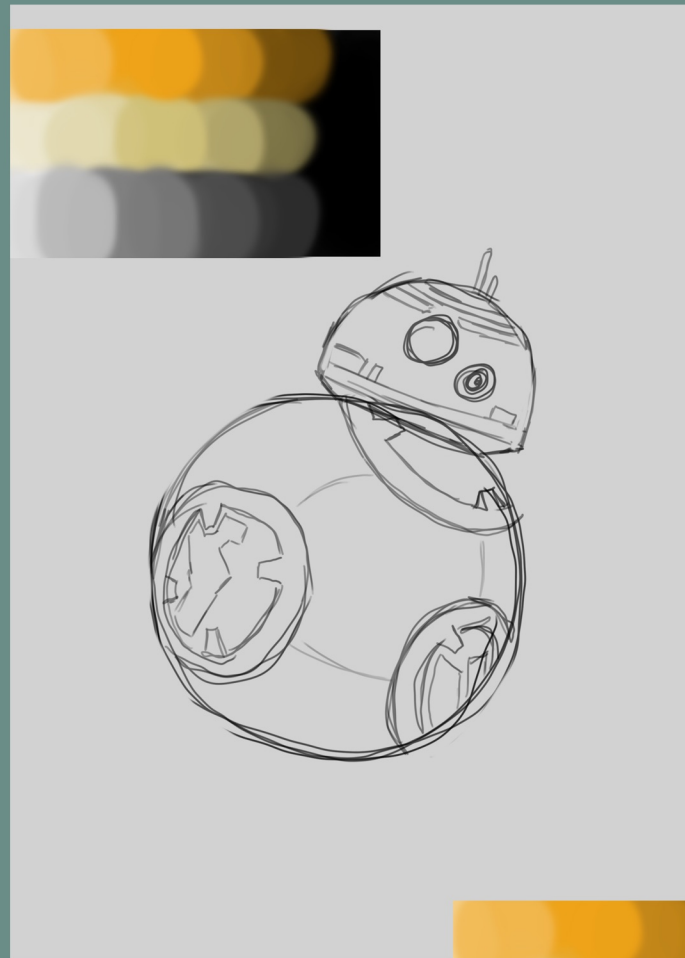

Original Image

Grayscale

Color

Sketch Journal: working on a single layer to re-create a picture with blending and shading instead of layers.

Project 2: Master Study

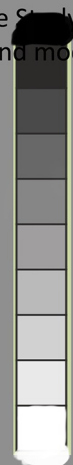

Original Painting by
Graham Gercken
(b. 1960)

Reference

Artist: Gercken

Grey-scale Study
(Normal blend mode)

Color Study

Normal blend mode

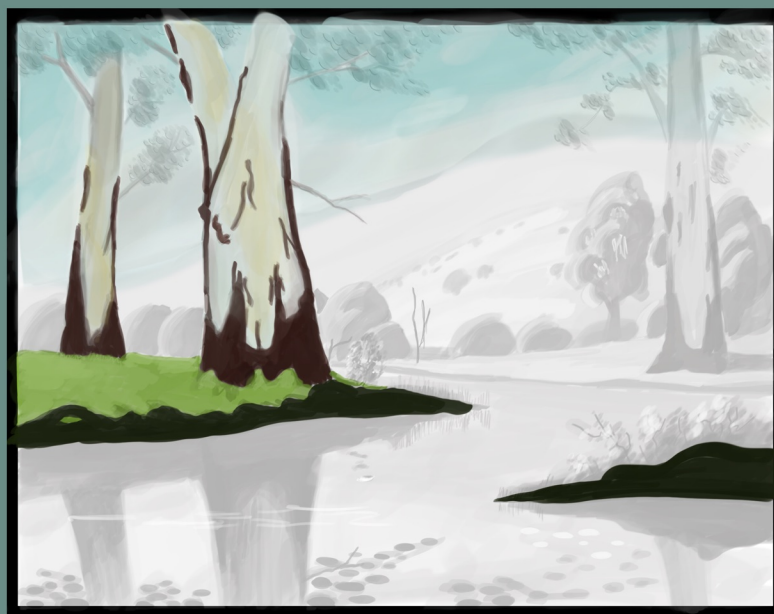

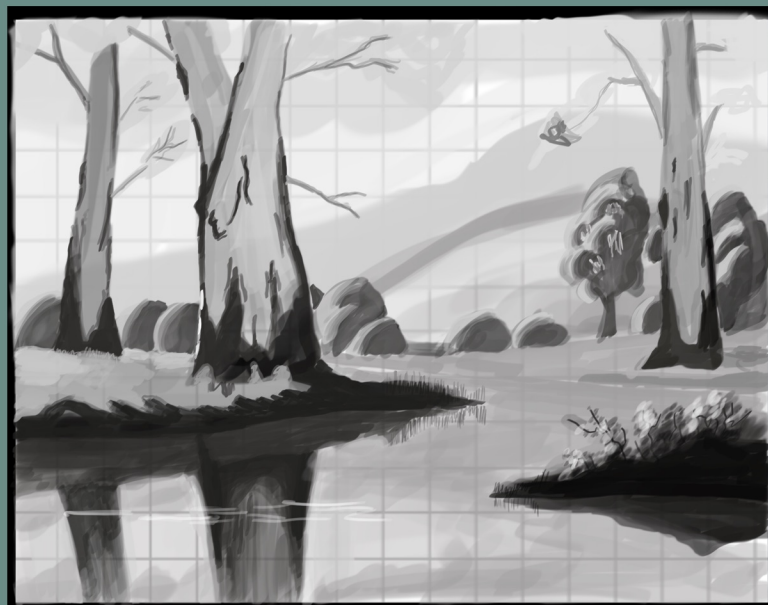

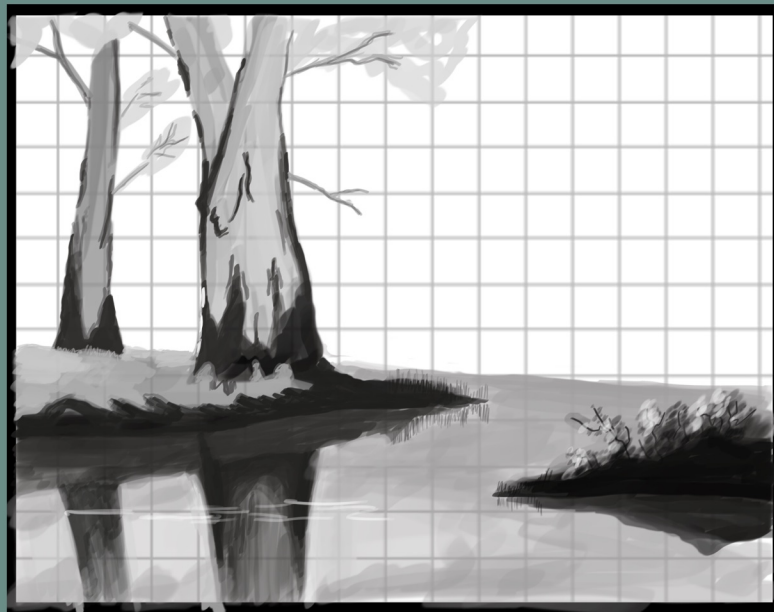

Owen Lacey

A study in replicating
a painting, first by
value, and then color.

Done without taking
colors or shades
directly from the
initial work.

Progressive saves of the master study.

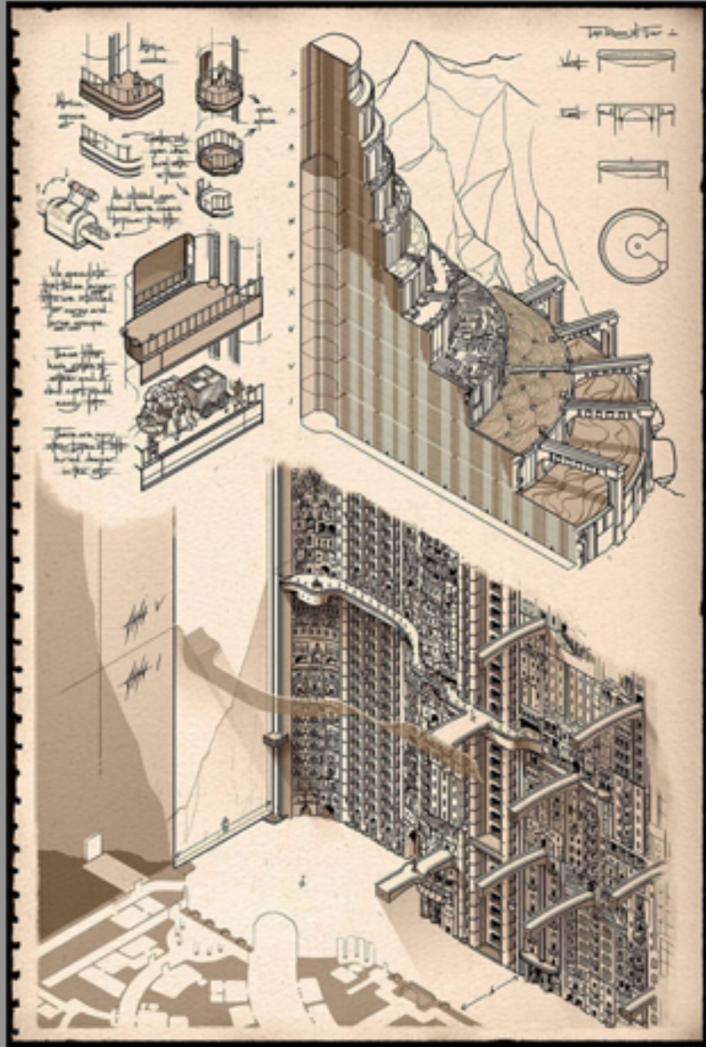

Final Project Concept Pitch

FinalProject: Duel with The Pursuer

An illustration of a scene from Rhythm of War, by Brandon Sanderson. It features Kaladin dueling a fused known as The Pursuer, and defeating him. As he wins, he states, "I am death itself, defeated one. And I've finally caught up to you."

It features Kaladijn standing atop one of the defeated one's corpses, facing down his fallen enemy, surrounded by fused, singers and men.
